## Our time to act has come!

Transnational actions against the ECB opening gala  
18 March 2015, Frankfurt/Main, Germany

### INFO SHEET/NEWSLETTER FOR INTERNATIONAL ACTIVISTS

Dear friends and comrades from all over Europe,

in less than two weeks, on March 18<sup>th</sup>, thousands of people from all over Europe and Germany will come to Frankfurt to join the transnational, European wide actions when the ECB will inaugurate its new headquarters. They will come to the city for a day of protest against the crisis regime of the Troika and EU, enforced primarily by the German government.

We will take the streets and the squares of Frankfurt - in the early morning of the 18<sup>th</sup> around the ECB in Frankfurt's East with actions of civil disobedience, we will fill the squares to stop the ECB from celebrating themselves and from having a normal work day. We will then convene in a strong, diverse, lively rally at 2 p.m. and a manifestation in the afternoon at 5 p.m.

The day will be a European day of resistance. But it will be also a day of strong solidarity, especially now with the people in Greece who are refusing to accept that there is no alternative to the crisis politics of the Troika and the European elites. Their refusal to bow down to blackmail gives hope to people all over Europe.

**This is why we say: Our time to act has come! This is why we call everybody from every corner in Europe and of life to join the transnational actions against the ECB's opening on March 18<sup>th</sup> in Frankfurt - let's turn that day in a loud, vivid day of transnational, European wide strength.**

Everyone should and will be able to join - the activities all day long are designed for mass participation with a common consensus - in the morning around the ECB, in the afternoon when we convene in the rally and then march together through Frankfurt in the afternoon. (see the Call in various languages at <http://blockupy.org/en/5098/our-time-to-act-has-come-transnational-actions-against-the-european-central-banks-opening-march-18th-2015-in-frankfurt/>).

**With this info-sheet we want to update you**

- 1. on the planned activities and the timetable** of the whole day: what is planned when, where to go, what about the action consensus, how to participate and where to get more information
- 2. on logistical matters.** Many of you come from far away and travel in larger contingents. Here you can also find some updates on the bus coordination, the information system, the accommodation - and how to make early contact with those organizing these matters.
- 3. on matters on legal help** and police matters
- 4. your help and support is needed** for a good planning and common day of action, and of course, on how **to stay tuned and get in contact**, to mobilize and organize etc.

*Who we are: Blockupy is part of a European wide network of various social movement activists, altermondialists, migrants, jobless, precarious and industry workers, party members and unionists and many more from many different European countries from Italy, Spain, Greece, Belgium, the Netherlands, Denmark, France, Germany and other countries. Together we want to connect our struggles and powers beyond nation-state lines. Together we want to create a common European movement, united in diversity, which can break the rule of austerity and will start to build democracy and solidarity from below. Blockupy and the actions in Frankfurt are only one step along this way.*

### **Tuesday, March 17**

**8 p.m.: Info and Action Plenary** to get all necessary info for the next days and get organized for the morning (at the DGB building - trade union's house - Wilhelm-Leuschner-Str. 69-77, in Frankfurt)

- **If possible, all activists should arrive on Tuesday, March 17, before 8 pm** to meet for this final assembly. But of course everybody who joins later is welcome and will get all necessary information through the Blockupy hotline. If you arrive by train and in small number, you can find an "infopoint" (small stall) directly across from the main station.
- **Directly before the general assembly, at 6 p.m.**, there will be at the same site of the DGB a panel discussion organized by DIE LINKE with representatives from Syriza, Izquierda Unida, Lista Tsipras etc.

### **Wednesday, March 18**

**7 a.m.: Transnational actions of civil disobedience (blockades) around the ECB:**

- **In the early morning we start the blockade of the ECB** by means of sit-in and standing blockades, music and street theater, banners and themed objects. The ECB is one of the central institutions enforcing the implementation of the catastrophic policy of impoverishment.
- **From the action consensus (read more: <http://blockupy.org/en/18m/blockades/>):** Our goal in the morning of March 18, 2015 is an effective blockade of the ECB, its daily work and the opening ceremony. Therefore, we will together with many activists from networks, organizations and groups from all over Europe, go as close as possible to the ECB. Our form of action are mass blockades, which consist of people. With sit-in and standing blockades, street theater, drum groups and themed objects of our resistance we will close every entrance to the ECB. We will also include police barricades and fences into our blockades. For our actions, the following applies: we say what we do and we do what we say (...) Together we take responsibility for the success of our action. We will create a situation that is transparent for all participants of the blockade and in which everyone respects and supports each other in solidarity. This character allows people with little blockade experience to participate as well.
- **There will be several registered gatherings and infopoints on that day** organized by various alliance groups—points to meet others and gather, to rest, get infos and a tea. The infopoints will be operating from early on in the morning, they will be announced on the website shortly and marked on the "action map", that will be handed out for the day (so far it is: Danziger Platz, central station/Kaisersack, Zeil 1, Paul-Arnberg-Platz, Walter-von-Cronberg-Platz).
- **After we have ended the transnational actions/blockades in the morning together, single organizations of the coalition will carry out actions on issues and actors of the crisis regime.** You will get updated on all these activities as soon as possible at <http://blockupy.org/en>

**At 12:00 (noon): demonstration of the Confederation of German Trade Unions in Frankfurt:**

The demo start in front of the DGB building (Wilhelm-Leuschner-Str. 69-77), see more at: <http://frankfurt-rhein-main.dgb.de/themen/++co++c4e3a478-b20b-11e4-8804-52540023ef1a>

**2 to 5 p.m.: Central Rally on the Römerberg:**

- **The central Blockupy rally** takes place with music and performances, with speeches by well-known Blockupy supporters, reports from the daily consequences across Europe of the policy of impoverishment and the vibrant protests against this, from Greece to Madrid and Frankfurt. Confirmed speakers so far are Naomi Klein, Sahra Wagenknecht, Miguel Urban and many more to come (for more later see: <http://blockupy.org/en/18m/manifestation/>)

**5 p.m.: Blockupy Mass Demonstration through the inner city of Frankfurt.**

- **Starting from the historical Römerberg** we will march through Frankfurt to send a strong colorful, vivid, lively sign against the crisis policy.
- For sure, our march will be transnational and a manifestation of a Europe from below and of resistance. Therefore the march will be led by the delegations from all over Europe, and the first rows will be composed by women from all over Europe .

- **Our consensus is:** We want a lively and gaudy march showing over its whole length the Blockupy colors with umbrellas, sunglasses, etc. We want a march everybody can join safely and unharmed. We start together and we end together (for the route and consensus on the march see: <http://blockupy.org/en/18m/demonstration/>).

**After 7 p.m.: departure of buses**

## **2. On logistical matters.**

**Arrival and bus coordination:**

- **In order to prepare for a safe trip and a good arrival in Frankfurt in the evening or at dawn on March 18<sup>th</sup> we kindly ask you to tell us asap at [bus@blockupy-frankfurt.org](mailto:bus@blockupy-frankfurt.org)**
  - a first estimation of how many busses will come from your region (telling us which region to avoid double counting)
  - whether the busses will arrive before the evening plenary on Tuesday or on Wednesday morning
  - please include a mail address of a reliable contact person for the busses of each region.
- **Please notice that this Blockupy contact address for busses is not appropriate for further safe communication! The task now is to establish the necessary contact with all the busses now** and establish communication for later on the trip itself. Soon you will find this mail address for the busses also on both Blockupy websites (see: <http://blockupy.org/en/18m/journey/>), together with a contact phone number and an online tool for those who did not already register their busses.

**Accommodation**

- **There will be sleeping places for everybody, but we urgently ask, if you know people in Frankfurt and the area please ask those whether they can host or help you.** We also ask everyone who can afford it financially, to make reservations in hostels and hotels. A list can be found here: <http://blockupy.org/en/18m/accommodation/cheap-hostels/>
- **Those who have no place to stay** should send an email to our sleeping place team: [penn.platz@notroika.org](mailto:penn.platz@notroika.org) ([pennplatz-notroika-pub](http://pennplatz-notroika-pub)). - **Travellers arriving from French speaking countries** please get in contact (in German or French) with [sleeping-places-mz@riseup.net](mailto:sleeping-places-mz@riseup.net). This is close to Frankfurt and the activists there are happy to accommodate you.

**Blockupy Info-Hotline and Info-Channels**

- **We will have a Blockupy Info-Hotline** established for the days starting with your trip (more or less) and ending when you are home or when the last busses crossed the border.
